DRUIDS ANNOUNCE MONSTER WHIST

"If you like whist at all—and who doesn't—you're sure to enjoy our big party, Monday evening, October 27," said Mrs. Victorine Lombard today in discussing plans for the Hillcrest Circle No. 143, U. A. O. D. monster whist. The party will begin at 8:30 p. m. at Masonic hall and the committee announces three cash prizes in addition to numerous other attractive awards.

Mrs. Lombard, assisted by Mrs. Violet Hauptli, arch druidess, is in charge.

Following the card playing a beautiful hand-made silk quilt, donated by Mrs. Hauptli, will be awarded.

The public is cordially invited.

Wrong Training

Colleges continue to train students for jobs that no longer exist, Chester G. Moore, chairman of the board of the Central Motor Freight association, recently told a conference at the University of Illinois. And all the time, he said, jobs as salesman, accountants, office managers, solicitors, traffic managers, and tariff experts—in the trucking industry, are going begging.

THE BATTLE OF THE CENTURY

Maisie, the Mauler, battles a "treat 'em rough" guy in the latest laugh-jammed episode in the life of the wisecracking showgirl, "Ringside Maisie," now at the Daly City theatre, with Ann Sothern again in the title role, and George Murphy playing opposite her as the hardboiled prizefight manager who finds her the toughest sparring partner of his career.

Buffet Service after the Game

By BETTY BARCLAY

After the game, cheers of delight over this buffet menu will re-echo those heard during the touchdown. It consists of Hot Potato Salad with Lemon Dressing, Weiners and Finger Rolls, Crisp Carrot Fingers, Hot Spiced Lemon Tea and Lemon Garnishes. Try it next time!

A smart hostess is one who is "first" with the season's entertainment. You can be included in this classification by simply planning ahead. As fall nears and school begins, football is undoubtedly among the chief items of conversation of young and old. Such universal interest acts as a barometer enabling hostesses to plan specific entertainment. Thus, the alert hostess leads the way to party success and is the envy of many.

Why not consider a football buffet for the first fall get-together at your home? Here's an ideal menu because it's quick and easy-to-serve the crowd after the game.

Football Buffet Menu

Hot Potato Salad with Lemon Dressing
Weiners in Finger Rolls
Crisp Carrot Sticks
Gingerbread topped with Apple Sauce Whipped Cream
Hot Spiced Lemon Tea

Lemons play an important role in this menu. The tart appetizing flavor of the juice in the dressing adds zip to the salad as well as aids in keeping the potatoes white. If you are not accustomed to using lemon juice in potato salad, try it soon and I'll wager one introduction will prove itself for the future. Potato salad is never just "potato salad" when lemon juice is among the tasty ingredients. Want the recipe?

Hot Potato Salad with Lemon Dressing

$\frac{1}{2}$ cup lemon juice
 $\frac{1}{2}$ cup salad oil
1 teaspoon sugar
2 eggs, beaten
 $\frac{1}{2}$ teaspoon dry mustard
6 cups sliced hot potato
1 cup celery cubes
2 strips bacon, cut in squares
Salt and pepper to taste

Combine lemon juice, salad oil, sugar, eggs and mustard. Heat to boiling point beating continually to keep smooth. Pour over the hot potato. Add celery. Mix in the bacon squares which have been fried to a crisp, golden brown. Add salt and pepper to taste. Serve hot. Serves 6 to 8.

In Hot Spiced Tea, add a touch of lemon juice and note the tangy goodness. For pep and pick-up after a rousing football game, this delightful beverage is just the thing to "fill the bill." Here it is:

Hot Spiced Lemon Tea
5 cups boiling water
6 teaspoons black tea
 $\frac{1}{2}$ cup sugar
 $\frac{1}{2}$ cup boiling water
6 tablespoons lemon juice
1 teaspoon grated lemon peel
 $\frac{1}{2}$ teaspoon ground cinnamon
 $\frac{1}{2}$ teaspoon ground cloves
Make tea by pouring the 5 cups boiling water over tea. Steep 5 minutes. Strain. Dissolve sugar in boiling water. Combine with remaining ingredients and add hot tea. Serve at once. Garnish with lemon slices. Serves 6.

"Good I Like This"

When Charles or Catherine tastes a dessert and remarks "Good I like this!" you feel much better than when you hear "I don't want any!"—even though you may not approve of the slang.

It's very difficult to induce some children to drink milk. Tell them it is Nature's most nearly perfect food, and you are merely wasting words and time. But fix up your milk as a pudding or rennet-custard and a victory is yours—for children cannot resist desserts.

Here's a relatively inexpensive dessert that will provide plenty of milk and other nourishing foods. No eggs, no baking, or no boiling. An adult dish as well as one for the children. Just the thing for an after-school dinner or a before-bed treat.

The Sky

Fred Kral, 73 years old, is "too shy and embarrassed," according to his 64-year-old bride of Cleveland. So, Mrs. Kral freely admits, she not only did the proposing, but also reversed the usual process by bestowing a kiss on the blushing bridegroom at the end of the ceremony.

1 package orange rennet powder
1 piece sponge cake (leftover cake may be used)
1 pint milk, ordinary or homogenized
1 banana

Place the pieces of cake (about two inches square or smaller) in the bottom of the dessert dishes. Make rennet-custards according to directions on package, and pour immediately over pieces of cake. Do not move until firm—about 10 minutes. Chill in refrigerator. When ready to serve, put slices of banana on top of each rennet-custard.

Longest River
The Mississippi-Missouri, generally considered one river by geographers, is the longest in the world. From the fountain-head of the Missouri, in the Rockies on the southwest border of Montana, its total length is 4,321 miles. From the source of its other branch at Lake Itasca in northern Minnesota, the so-called Mississippi proper is 2,553 miles long. The second longest river is the Nile, 4,000 miles from its remotest headstream, the Kagera, which flows into Lake Victoria. The Amazon river in South America has the greatest basin—2,772,000 square miles.

60 Per Cent
Passengers now account for 60 per cent of the income of the air lines of the United States.

Guard President
At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the Mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

Hill Mentioned
During a press conference in Washington, former Gov. Alf M. Landon of Kansas, inadvertently referred to Secretary of State Hull as "President Hill."
"Is that slip significant?" inquired a reporter.
"Not especially," replied the 1936 Republican presidential candidate, but he conceded that if the Democrats picked Mr. Hull they would at least have a good candidate.

One Color Ensemble

FROCK AND HAT of the same material and color for wear under fur coats this year is a leading fashion note. Portland Hoffa who stars with her husband, Fred Allen, on the "Texaco Star Theatre" wears a Zoe de Salle designed light blue wool ensemble, featuring front and back panels of pleats and clever shirring on either side of the buttoned bodice. Museum for Youth
Since the modern youth section of the Illinois State museum was opened in Springfield recently, the usual "Hey, Mom, what's that mean?" approach of juvenile museum visitors is going out of use. For the new branch has been designed throughout to promote the imagination and to brighten the intellect of boys and girls by presenting natural history displays in a way comprehensible to them. Simple, uncluttered displays in specially made cases, together with simply worded labels, go a long way in this direction.

Oldest Going Canada
A World's fair has been held annually at Leipzig without interruption for over 100 years, breaking all records for business longevity. The map of Europe has been repeatedly redrawn, dynasties have risen and fallen, but the fair has remained the one thing permanent. The fair attracts business men today from 74 countries. American participation dates back for a century. The fair includes the newest art and industrial products from 23 of the leading industrial countries.

Labors of Hercules
The 12 tasks of great difficulty imposed on Hercules by the Argive king were as follows: "To slay the Nemean lion, kill the Lernean hydra, catch and retain the Arcadian stag, destroy the Erymanthian boar, cleanse the stables of King Augeas, destroy the cannibal birds of the Lake Stymphalis, take captive the Cretan bull, catch the horses of the Thracian Diomedes, get possession of the girdle of Hippolyta, queen of the Amazons; take captive the oxen of the monster Geryon, get possession of the apples of the Hesperides, and bring up from the infernal regions the three-headed dog Cerberus."

Beaming Railway Business
Passenger traffic on the Eastern Bengal railway in India has shown a substantial increase since reported healing powers of the four-year-old son of a Saldpur station agent have become known. The boy is said to be able to cure sufferers by breathing on them.

Mexico Bubble Glass
One of the favorite souvenirs of Mexico is the native bubble glass, with its swirling foamy colors.

Wild Rice

Wild rice contains 14.8 per cent protein, 8.3 per cent moisture, 3 per cent sugar, 1.8 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B₁ content of three samples of wild rice seed averaged 1.67 international units per gram, whereas the average of the same three samples when parched was 1.39.

Florida's Edible Fish

Of the more than 300,000,000 pounds of fish caught in Florida waters annually, little more than one-third are of the edible variety, according to R. L. Dowling, state supervisor of conservation. The non-food fish, mostly menhaden and sharks, are used in the manufacture of fertilizer, oils and novelties, Dowling explained.

More Interest in Sports

Is interest in athletic affairs slackening because of the European war? Not if attendance at baseball games is any criterion. At the Yankee stadium this summer, \$4,000 paid to see a game, the third largest crowd in baseball history. And in the Pacific Coast league, Seattle, until June 8, 1940, drew 27,000 more admissions than during the corresponding period in 1939, and Seattle led the league in attendance in 1939. It seems that people want to get away for a couple of hours from the war news in Europe and welcome the opportunity of going to the ball game or playing a bit of golf.

Admit Tractor Parts

France will admit tractor engine parts into the country at reduced duties if they are to be used by farmers.

Home Work

Since the invasion of Holland and Belgium, members of the senate committee handling army and navy affairs have taken to holding off-the-record evening meetings to each other's homes to brush up on the facts about Uncle Sam's defenses, with high United States military experts invited in as "teachers." The speed with which the senate has acted on national defense measures is taken as evidence that the senators are apt pupils and learn fast.

Dangerous Firewood

Mrs. L. Marais of Cyferkull, Western Transvaal, picked up a piece of firewood while lighting her kitchen fire and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the floor and battered it to death.

Reason for Fear

Benjamin Mason, Philadelphia Negro, on relief, won \$100,000 in an Irish sweepstakes, and promptly took his winnings and put them into a housing project for 11 families, thus replacing a slum block. The Housing authority advanced the remainder of the money.

An Old Custom

The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

Geniuses Were Dull

Most of the world's geniuses were not bright children, but were gawky, dull, or shy, according to Dr. George Barton of Carnegie Institution of Washington, recognized as the leading historian of sciences.

Pineapple Cup Cakes

Broadcast by Mary Lee Taylor,
October 23, 1941

2 cups cake flour
3 teaspoons baking powder
1/4 teaspoon salt
1/4 cup sugar
2 well-beaten eggs
6 tablespoons melted butter or other shortening
6 tablespoons Fox Milk diluted with apple juice
6 tablespoons drained, crushed pineapple

Turn on oven and set at moderate (375°). Grease well 24 two-inch muffin tins. Put cake flour before measuring. Beat into mixing bowl with baking powder, salt and sugar. Mix together well. Add eggs, shortening, diluted milk and well-drained pineapple. Beat into a well in middle of dry ingredients. Fold dry ingredients into liquid ingredients. Beat all flour to moisture, then beat 1 minute. Put into greased muffin tins, filling about 2/3 full. Bake on center oven shelf about 12 minutes, or until cakes shrink from sides of tins. Cool thoroughly.
